## **Executive Summary**

The Economic Development Resident Survey was born out of the Lakeville Economic Development Committee and first was introduced to the town at the 2013 Lakeville Arts & Music festival. At that time, over 50 survey results were obtained through face-to-face interaction with town residents. In January 2014 the survey was distributed by mail with the quarterly tax bill and was made available online to residents. As of the date of this report, there were 654 responses to this survey. Survey questions were generally made as open-ended questions to solicit genuine responses from townspeople. The following report summarizes the results of this survey.

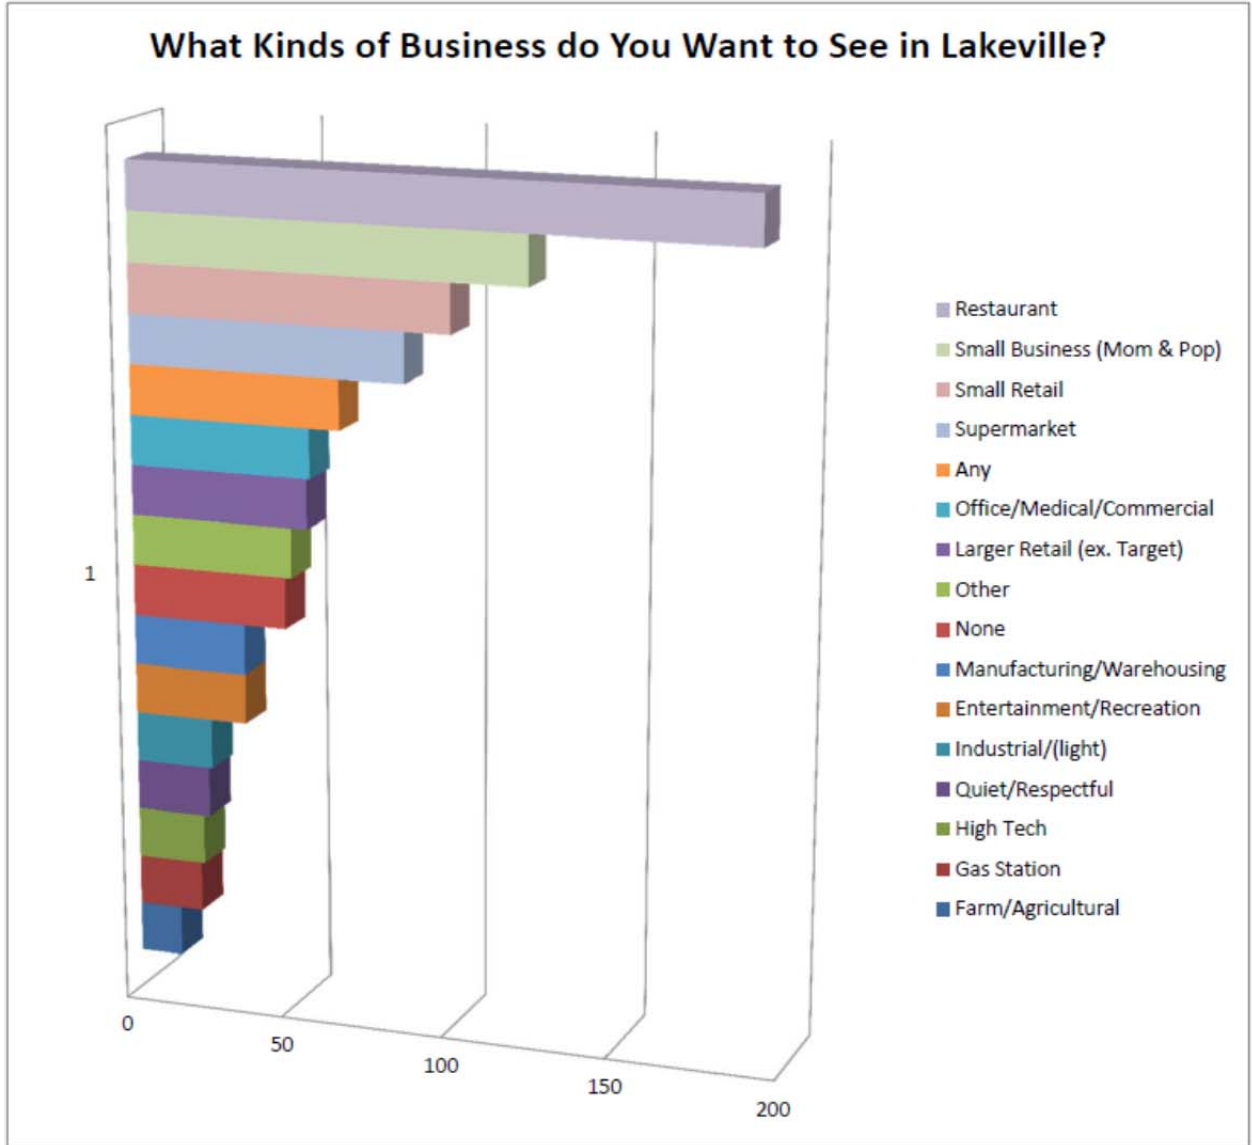

## **Summarization of Data Process**

The Economic Development Resident Survey contained 6 questions. Questions 1, 2, and 4 were open-ended response questions, while questions 3, 5, and 6 allowed for additional comments. For questions 1 and 2, survey responses were summarized into categories which contained similar expressions or sentiment which was done at the discretion of the survey compiler. Every effort was made to ensure that responses were categorized appropriately; however, as the survey compiler is human, errors may have been made. Detailed data responses behind the categorization are available upon request.

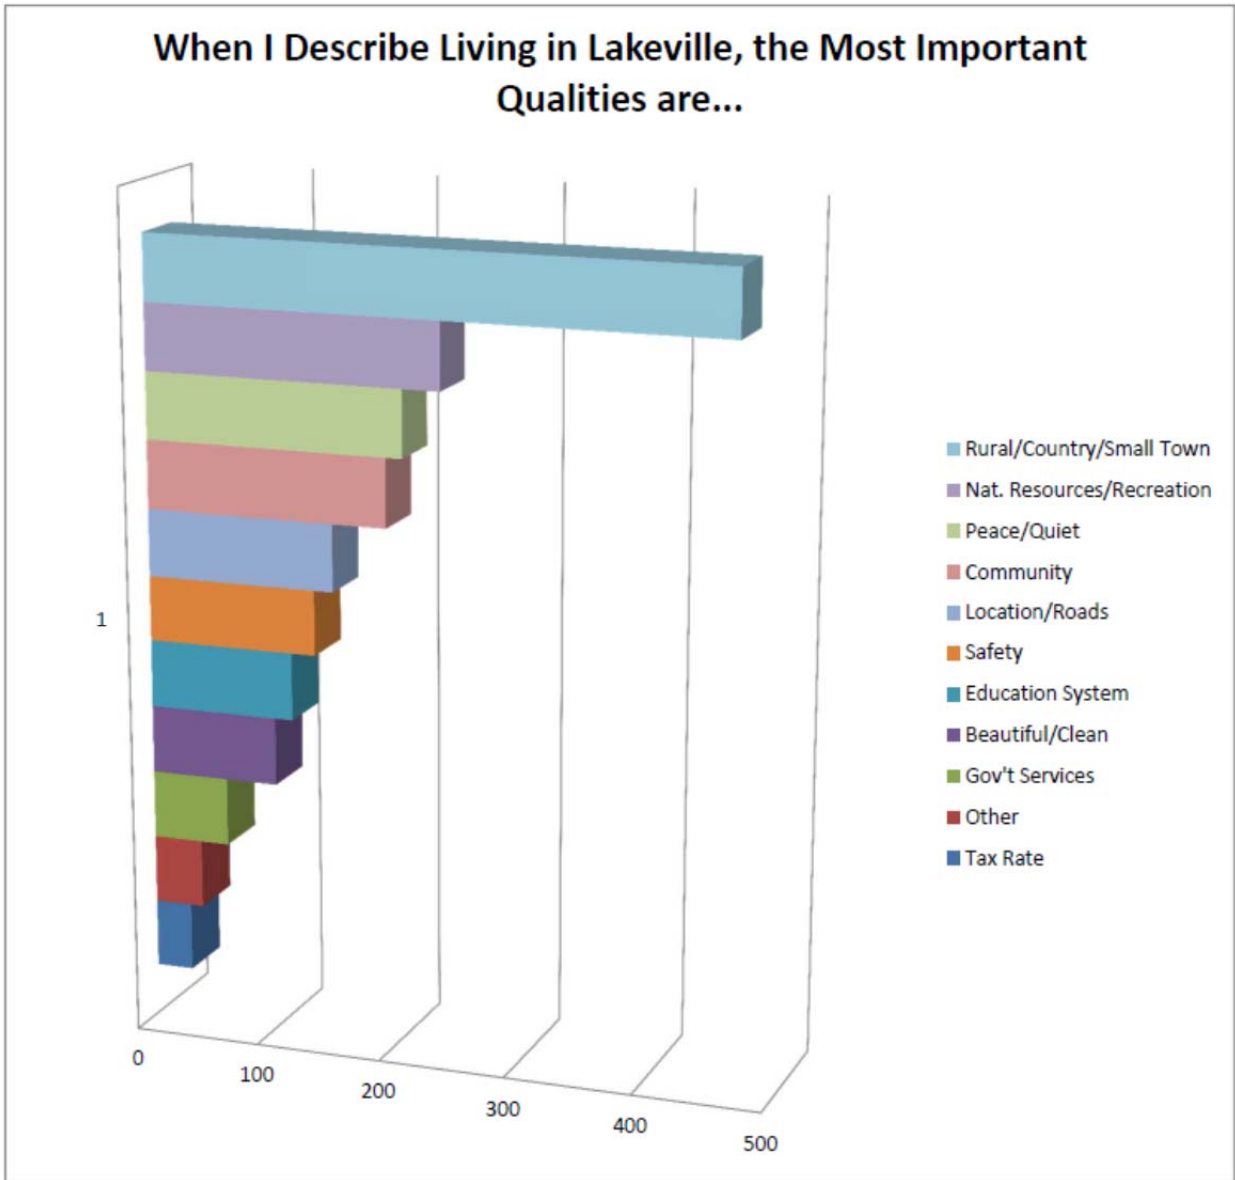

Question 4 allowed for respondents to share free thought regarding the future direction of business growth within the community. These responses were too varied to provide for adequate categorization. Therefore, the raw data has been included in this report for interpretation by the reader.

Questions 3, 5, and 6 allowed for additional comments. Those comments are also included here in the report in raw form.

1	I have lived here long enough to realize that when the school comm. wants something that they will not take no for an answer. The 1998 override is a case in point. Six attempted votes on an override before they got what they wanted. The latest override was the worst because the town failed to inform all of the registered voters of this situation. A 24% turnout on a million and half dollars override. Where were the signs that used to be posted all over the town. The town could have notified voters with a card.	2/10/2014 4:56 PM
2	Keep industry out of neighborhoods, keep in industrial park	2/10/2014 4:44 PM
3	All business growth should improve infrastructure to reflect their intended demand on resources.	2/10/2014 4:32 PM
4	no growth in fragile areas! (i.e. lake fronts and wetlands) Yes to bike paths!	2/10/2014 4:30 PM
5	Focus on filling the industrial park areas	2/10/2014 4:26 PM
6	I am very upset regarding the residential area being infiltrated with auto businesses.	2/10/2014 4:17 PM
7	Growth should not be at the expense of the environment or rural character of the town. Business that increase traffic should be at the northern edges or close to expressways	2/10/2014 4:13 PM
8	Much prefer to pay higher taxes than having businesses unless Mom & Pop's	2/10/2014 4:11 PM
9	The old way of housing developments (i.e. Forest Park, Heritage Hill, which doesn't destroy the country feel of our town is much to be preferred over the newer houses on Highland Road!	2/10/2014 4:09 PM
10	Use the industrial park	2/10/2014 4:03 PM
11	Keep Lakeville small, quaint and rural. Keep things simple	2/10/2014 3:58 PM
12	Keeping town safe with low crime is paramount. Modest business growth especially retail and services is important. large businesses in zoned areas like Ind. Park. We certainly need the tax bill businesses provide and should encourage businesses to locate here in moderation.	2/10/2014 3:52 PM
13	Please no more condos or large apartment complexes. This adds to more crime and puts a strain on the school population	2/10/2014 3:39 PM
14	Smart planning	2/10/2014 3:37 PM
15	Need to accept business to help with taxes. Some people just do not get it when keeping to deny them	2/10/2014 3:36 PM
16	What business, whenever we have an opportunity for growth for the town (Sysco) the people shoot it down. We need growth for our town to survive.	2/10/2014 3:33 PM
17	The many override requests demonstrate our need for new business to offset personal property tax. Higher tax rates without the support of a solid business base will drive people to search for other less expensive towns or areas to locate.	2/10/2014 11:31 AM
18	address the hospital	2/8/2014 11:08 AM
19	to choose how the taxpayers's money is spent widely, such as the library, I very rarely see a car there and most folks today use a home computer to do research, so more research should be done.	2/6/2014 11:46 AM
20	Modest growth; we do not need strip malls or shopping centers	2/3/2014 3:04 PM
21	Business growth within the industrial park primarily.	2/3/2014 2:03 PM
22	If the towns people had been more active (older citizens) also younger not interested, the Sysco would have helped greatly and our taxes wouldn't have had to climb (and the hospital mess would be cleaned up!!	2/3/2014 1:52 PM

23	The town needs the extra revenue. Stores would add convenience	2/3/2014 1:40 PM
24	I am a resident for 25+ years. After seeing my latest real estate tax bill, no financial accountability in the School Dept.,and lack of commercial business to help finance the towns operations, it's about time this dept. step up and take action. It's a shame the town squandered its opportunity (Sysco, Pavestone) and lost years of revenue.	2/3/2014 1:32 PM

32	The master plan should be followed. Any large business should be in the industrial park	2/3/2014 12:51 PM

36	This town must embrace business growth to help residents offset the increases in tax demands	2/3/2014 12:33 PM
37	Companies like Sysco should have been courted to move to Lakeville instead of being chased out. That hospital land with its close access to I495 should not be sitting vacant, but more housing projects and condos are not the answer.	2/3/2014 12:31 PM

42	Business should pay a higher tax rate	2/3/2014 11:59 AM

45	The Lakeville Industrial park is the appropriate site for business	2/3/2014 11:54 AM
46	No train station	2/3/2014 11:52 AM
47	Expand Industrial park areas away from existing housing areas.	2/3/2014 11:51 AM

132	I know it is a difficult decision to make finding a balance between growth and maintaining the characteristics of the town. There are plenty of large chain store businesses in Taunton/Rayham. Lakeville is not suited for these types of businesses. Smaller family owned style buniesses is what will maintain the characteristics of a small town. Bigger is NOT better. Only big businesses want bigger business.	1/26/2014 9:04 PM
133	If you are looking to boost business, you'd better be damn sure to be able to provide the services the businesses need! Police fire and water, sewage, adequate traffic control and plowing in winter, reasonable tax structure.	1/26/2014 5:49 PM

136	- We would like to see new mid size employers come in that leverage the MBTA station to have access to reverse commuting professionals from Boston/ Rhode Island - We would like for the town to come up with a tax incentive plan to attract those mid size, year round employment businesses - When we grow our year round tax base, we will be able to invest in our public school system at a higher rate	1/26/2014 10:08 AM
137	More made in usa products. Would like NE made	1/26/2014 10:02 AM
138	VERY MODEST	1/25/2014 8:06 PM
139	This speaks to the questions below. I think it is crucial to maintain a standard of aesthetics when considering business growth. I think it would be awful to throw a bunch of 1 level, concrete strip malls around the town. My ideal would be a New England village feel, with restaurants & useful shops. I think functional parking is also a major consideration. Is there anything worse in town than getting in or out of Savas plaza?	1/24/2014 5:10 PM
140	Lakeville needs to provide incentives for businesses to relocate here. The town needs to consider TIF to a major tenant which can be used as an anchor for future growth. The town had no business identity. We need to decide what businesses we need to attract and aggressively work with developers to bring them here. The town needs to let go of concepts like high end or big box retailers with hubs in Taunton and Wareham already established. Finally, the town needs to carefully consider further residential expansion and it's impact on an already cash strapped school system.	1/24/2014 7:31 AM
141	Cisco & casino would've been nice. Nothing big will ever get approved. But it sure would be nice.	1/23/2014 10:46 PM

209	I believe that not getting Sysco here was a mistake	1/23/2014 11:45 AM
210	To further comment on #3 above. Residents in neighborhoods where Town would like to place business should have a greater say in the vote to allow than someone living outside of the neighborhood or on the other side of town. I would not vote to allow business zoning in my neighborhood	1/23/2014 11:43 AM

211	Great cities and town welcome business development for jobs, helping with expenses to provide all needed services for all its citizens	1/23/2014 11:41 AM
212	It seems like as we add businesses in Lakeville, the homeowner is seeing higher taxes every year. You would think with more development, taxes would be stabilized. The opposite is true.	1/23/2014 11:28 AM
213	We moved here because it is the way it is.	1/23/2014 11:26 AM
214	How does more business improve the quality of life in Lakeville? Our town is a place to "get off the grid" not expand it. Brave souls with a look to future generations have never been so important.	1/23/2014 11:18 AM
215	Please do not locate commercial development near the Ponds. Please limit parking. Please enforce building design and appearance regulations. We deserve business that look nice!	1/23/2014 11:10 AM
216	Please retain the charm of the town with modest growth. No big box stores	1/23/2014 11:04 AM

219	No windmills	1/23/2014 10:59 AM

221	Businesses with enhanced opportunities for jobs	1/23/2014 10:53 AM

223	We need some badly	1/23/2014 10:49 AM
224	Develop Lakeville Hospital. It's any eyesore. Make where Middleboro Pediatrics is a business zone, fill current empty buildings and businesses.	1/23/2014 10:48 AM
225	We should have manufacturing jobs in Lakeville. It will provide more good jobs that any other business. Do not increase homes. Homes increase people, people require more town services. Town services makes all expenses go up.	1/23/2014 10:46 AM
226	Would be great to have unique stores and restaurants instead of boxed retailers. No need for big industries (like Sysco) would change what Lakeville is.	1/23/2014 10:44 AM
227	Make Lakeville more friendly with good places to eat.	1/23/2014 10:38 AM
228	The town needs more jobs. Lakeville has the appearance of a poor town. Needs updating.	1/23/2014 10:37 AM

230	Advocate for small commercial/retail/hospitality (restaurant).	1/23/2014 10:34 AM
231	Take a ride down Rt. 44 east and look at that ugly, sprawling Sysco complex. Thank God we're not seeing it on 105. The CVS and Walgreens are bad enough. The blue "flu shot" signs all over the grass at Walgreens looked cheap and city-like. (Quincy, Brockton or Mattapan) I almost removed them myself. Minimize business growth please!	1/23/2014 10:30 AM
232	industrial park for office business	1/23/2014 10:22 AM

## Economic Development Resident Survey

240	be very careful in planning future development - preserve as much woods and open spaces/park land as possible	1/23/2014 9:55 AM
241	Any business growth that does not change the quiet feel of the town is fine and I'm sure good for the town. I would hate to see the town end up like West Bridgewater has in my life time - going from quiet to busy with lots of business growth.	1/22/2014 9:09 PM
242	Prefer slow and controlled growth. No large chain stores or complexes	1/22/2014 1:30 PM
243	For business growth we would like to exclude all heavy industry and any industrial related businesses. (any business that is based on Chemical Processing or Distribution)	1/22/2014 1:00 PM
244	CONTROLLED AREAS OF COMMERCIAL DEVELOPEMENT SO AS NOT TO FOLLOW CONCEPT AS GOLDEN MILE IN RAYNHAM.	1/20/2014 12:45 PM
245	I moved from south easton because they made it a mess with too much business growth. traffic became an issue and quality of life went down	1/19/2014 1:21 PM
246	I think some residents have been terribly short-sighted about encouraging business growth and as a result we are all paying the price in higher taxes. The Sysco opportunity was a fiasco in terms of the outcome and how it was handled. Businesses need to be sought after and wooed to come to Lakeville.	1/18/2014 9:28 PM
247	I would like there to be a community center that contained a large auditorium, gym etc. A place for meeting, gatherings, sports activities that can hold large numbers.	1/18/2014 12:45 PM
248	I would not like to see any corporations or large construction for business. Only small and locally owned.	1/18/2014 8:03 AM
249	I would prefer to pay higher taxes to achieve an excellent education for our children as well as invest in the police department's needs for the safety of our citizens	1/18/2014 5:20 AM
250	Only the old Lakeville Hospital. I would support another type of medical facility there or any type of structure that may provide a benefit to the community, like walking grounds and enough buffer from residents homes, like mine!	1/17/2014 4:34 PM
251	we need to encourage businesses to come to this town and not let organized groups scare away them away and brainwash townspeople. we keep pushing them away (like Sisco) nobody will even want to entertain the idea of our town. by the way, where is Dick Scott and his group of investors that were going to save the town and develop the Lakeville Hospital property?	1/17/2014 4:18 PM
252	More over 55 communities, gov. assist.	1/17/2014 4:10 PM
253	Keep away from historical areas	1/17/2014 3:52 PM
254	None	1/17/2014 3:25 PM
255	Importance of attracting and RETAINING local businesses. Seems to be a number of vacancies in area shopping plazas.	1/17/2014 3:13 PM
256	No business growth - this is a bedroom community and we must keep it this way	1/17/2014 3:09 PM
257	Keep the small community atmosphere that exists now.	1/17/2014 3:02 PM
258	We should have let Sysco come in.	1/17/2014 2:59 PM
259	Develop Lakeville state hospital property - Clean it up! Sysco should have moved in there! Have more important voting on Saturday not on workdays when there is a limit on how many people can vote!	1/17/2014 2:54 PM
260	Please consider homeowners who purchased their homes because of the rural, small town feel. I live very close to the hospital and feel as though the town is sacrificing this section of town in order to gain more businesses. I understand that business growth is needed for revenue, but it's not fair to put it all in one section of the town. It would be a shame for 105 to end up looking like 44 in Raynham. We plan on staying here, but if there is so much commercial growth it changes our corner of town, we will have to leave. Thank you for your consideration.	1/17/2014 2:52 PM
261	Preferably along Routes 18 and 105 with new commercial and industrial areas designated in appropriate areas	1/17/2014 2:45 PM
262	Don't want more 18 wheelers on the roads as they are very dangerous	1/17/2014 2:27 PM
263	Sysco would have been great for Lakeville	1/17/2014 2:25 PM

## Economic Development Resident Survey

264	Perhaps we need another secluded industrial park, it seems a shame Sysco could not be accommodated.	1/17/2014 2:22 PM
265	Put an end to building more housing. People can raze existing jbuildings on lots and rebuild. Keep Lakeville small!	1/17/2014 2:19 PM
266	Low key because we are not a big city	1/17/2014 2:15 PM
267	Lakeville Hospital site-Pharmaceutical Mfg & R&D. No town or state taxes for 10 years. (New York State (not the city) finally gets it!	1/17/2014 2:13 PM

269	Stop ugly signs and collection boxes, they become dumping spots!	1/17/2014 2:02 PM
270	Better traffic flow by Middleboro rotary - Rte44/18	1/17/2014 1:49 PM
271	Start picking up trash or provide some service to others beside schools. Taxes went up over \$1000 and still no trash service.	1/17/2014 1:47 PM
272	Focus on Lakeville Hospital site for smart development. It could be a destination shopping area - outlet stores/upscale shops - or a low impact light industry	1/17/2014 10:28 AM
273	Farmer's Market Medical Clinic Developing more programs at local library Less strip mall areas	1/17/2014 10:15 AM
274	We need businesses to build in this town, because the state is pushing housing development in this small community, which attracts too much crime and not enough services to cover the expanding needs.	1/17/2014 10:00 AM
275	The town need more infrastructure, but you voted no on Sysco which was perfect money pit for the town. I doubt if you will get anything that good again	1/17/2014 9:16 AM
276	N/A see question #3	1/17/2014 9:13 AM
277	The community would be better served with more local employment	1/17/2014 9:06 AM

279	a restraunt would be wonderful - no chain restraunts	1/16/2014 12:04 PM
280	We need a Target store	1/15/2014 3:37 PM
281	I like the small town feel Lakeville has and it is quiet with little traffic. Small businesses that arent going to attract a lot of crime and traffic would be okay.	1/15/2014 2:45 PM
282	Simple math tells us that businesses have a much smaller impact on town expenses so why not increase that area of our tax base????	1/15/2014 2:12 PM
283	missed out on Cisco and other opportunities too slow to accept change	1/13/2014 10:01 PM
284	I wouldn't have any issues with a larger business if it did not impact traffic or natuaraal resources.	1/13/2014 7:09 PM
285	limited to certain areas and should have New England architecture	1/13/2014 6:21 PM
286	Was disappointed Sysco not approved, but would only like to see a business like that in the industrial park or old hospital where close to highway. Do not want big businesses scattered throughout the town.	1/13/2014 11:39 AM
287	We should be seeking out businesses that fit our community rather than waiting for whatever falls in our lap.	1/13/2014 8:21 AM
288	Our neighbors have brought to our attention a program called Agenda 21. It is very bad and we are against it 100%. We must avoid Agenda 21 at all costs.	1/12/2014 10:12 PM
289	limit growth, remain a town	1/12/2014 9:40 PM
290	Work to enhance and maximize existing business properties... keep open space open	1/11/2014 4:43 PM
291	Every town requires a good tax base to sustain the towns infrastructure, and staffing. However there should be very tight limits on any spending	1/11/2014 11:22 AM
292	Get some type of business in the former Lakeville Hospital site.	1/11/2014 9:19 AM

## Economic Development Resident Survey

293	We need a town center! We need to do more town things, parades, town fair, lighting of the Christmas tree, etc. Have more events for the town folk at Ted Williams Camp!	1/10/2014 1:19 PM
294	We need something that would provide more employment opportunities particularly for our young adult residents.	1/10/2014 8:35 AM
295	Need to bring in revenue for our school and services. Cisco would have been perfect!	1/10/2014 7:45 AM
296	business growth means tax revenue, maybe residents taxes will actually go down!	1/9/2014 8:50 PM
297	a new college-level school on hospital campus would be good	1/9/2014 6:26 PM
298	The town should enforce its own laws regarding businesses.	1/9/2014 1:43 PM
299	Tax incentives to small businesses if they hire Lakeville Residents. Something must be done with the old Lakeville hospital it will become a drain on this town if left as is!!	1/8/2014 6:47 PM
300	Please try to limit the "affordable housing"/low income housing	1/8/2014 1:41 PM
301	Lakeville would benefit from attracting some business. Possibly around the fact that the train station is here and it's easy to get into Boston. Also pulling together the 'downtown' area and making it a bit more walkable with a park or something would make the location more attractive.	1/8/2014 10:48 AM
302	I would like to see sidewalks put in. With more housing and businesses, it makes walking very dangerous.	1/8/2014 12:35 AM
303	Take the blinders off. Think about this as a marketing ad "medium size town with access from rt 495, 24, 105, 44 and 18 seeks light manufacturing and or distribution centers in great location. Willing to discuss short term tax incentives for growing firms. Contact Town of Lakeville business development center". Look at Middleboro with Christmas Tree Shops distribution and others. WE are missing the boat. WE need more businesses for tax revenue. Homeowners cannot keep approving 2-1/2 overrides. We need a new police station and a new fire station and the schools need to be upgraded - WE NEED BUSINESS FOR TAX REVENUE.	1/7/2014 10:52 PM
304	Business growth is good if we can utilize the business for taxes or town revenue to be used for town growth. (Schools, Police, Fire, Ect.)	1/7/2014 7:49 PM

306	Need to increase Tax base from business	1/7/2014 11:15 AM
307	Must avoid unregulated sprawl like that which has happened on Rte 44 in Raynham. Should prevent increased need in emergency services, like fire department, by requiring all new commercial buildings - regardless of size - to be sprinklered. Also, should consider retroactively requiring sprinklers in existing commercial buildings when rehabilitation reaches the modification (reconfiguring of space) or reconstruction categories	1/7/2014 9:44 AM
308	Lakeville has to clear out the desolated properties that seem to pop up everywhere...especially the broken-down, abandoned houses as a start. To the visitor or business contemplating putting down roots here, these broken down properties make a terrible impression...says we don't care about our town. This town needs more sidewalks too...particularly on Bedford and Rout 79.	1/7/2014 4:53 AM
309	Need some commercial development.	1/6/2014 11:02 PM
310	Small business growth is O.K. I moved here to not deal with growth & expansion from the outskirts of Boston. If I need anything, there are plenty of highway access outside of Lakeville.	1/6/2014 7:08 PM
311	Townspople must have input as to what types of businesses come to town. Remember the Sysco fiasco...selectman thought it was a cash cow, but it would not be in THEIR back yard!	1/6/2014 3:52 PM
312	I believe that the town needs to showcase its assets and create more of a down/town. Pond view area at the junction of 79 and 105 to attract people and businesses. Make sure the viable infrastructure is in place and zoning has been changed to reflect the needs of the community	1/6/2014 2:48 PM
313	I believe that we need modest business growth to help provide income for improved town services such as schools, fire and police departments and library	1/6/2014 2:02 PM
314	I, like many of the people I have encountered in Lakeville, did not grow up here but rather moved to Lakeville. Most of whom moved from high traffic, busy locations. I would rather we did not have new businesses and definitely DO NOT want public transportation	1/6/2014 11:17 AM

315	A lakeside restaurant seems like it would be a huge hit. Also, a modern gas station with convenience store. The stretch of Route 105 between town center and Lakeville could stand some better restaurants.	1/5/2014 9:11 PM
316	I want to make sure that no new businesses disrupt the nature or peacefulness of the area - this is why I live here.	1/5/2014 8:15 PM
317	No fast food restaurants or anything of the sort	1/5/2014 7:23 PM
318	I would like to see more open-mindedness about new business in town. The town committee members (Con Com, Open Space, etc.) don't seem to understand it is about balancing tax revenue with maintaining the beauty of Lakeville. Both can be accomplished with some creative thinking and open-mindedness.	1/5/2014 4:25 PM
319	I would not be interested in seeing large scale business growth, but I understand the benefit of bringing companies into the city to increase tax revenue and jobs. I think that growth is exciting and needed, but it needs to be controlled and zoned appropriately.	1/5/2014 3:09 PM
320	It is necessary to sustain growth and development of the town, quality of our school system, and stability of our financials.	1/5/2014 2:00 PM
321	businesses should not affect or disturb existing neighborhoods or add excessive traffic	1/5/2014 12:41 PM
322	let's keep it quaint!	1/5/2014 10:33 AM
323	I think that big-box retail is close enough on 44 and 140. I would not want any of that, nor would I want any fast-food. but smaller businesses like yoga-studios, specialty shops, grocers, restaurants, etc would be okay with me and my family	1/5/2014 9:47 AM
324	Don't know why Sysco was turned away when there is a very large cold storage facility right next door in the industrial park!!!	1/4/2014 6:25 PM
325	Support agriculture. Farming	1/4/2014 4:26 PM
326	NO BIG CORPORATIONS OR CASINOS!	1/4/2014 3:18 PM
327	Need to maintain the quiet rural atmosphere; that's the main reason we moved here.	1/4/2014 2:52 PM
328	Encouragement of small business. Discouragement of large industries.	1/4/2014 11:51 AM
329	We need to think outside of the box to take advantage of our strengths -- agriculture and environment. These businesses provide opportunities and enhance our quality of life. These type of business should be made integral parts of our community.	1/4/2014 11:34 AM
330	Develop Lakeville Hospital site to include Senior housing & assisted living and small medical center	1/4/2014 10:27 AM
331	In order for Lakeville to prosper, we need to attract more business to town. I would like to see the town leaders focus on the old lakeville hospital property and filling the industrial park to capacity. It would be helpful to know what the current barriers to entry are for Lakeville.	1/4/2014 10:27 AM
332	The Selectmen in this town need to take a LEADERSHIP role and bring controlled business growth to Lakeville. Saying no to Sysco should never have happened, and the Selectmen should have done a better job selling the deal as well as mitigating the abutting residents who got a disproportionate voice via twisted facts.	1/4/2014 8:26 AM
333	I moved here because its a small town with little commercial activity. I appreciate that its surrounded by everything we would need (in taunton) but that those business do not bring the traffic and noise to our town.	1/4/2014 8:26 AM
334	I am strongly against retail/chain type expansion in Lakeville and would prefer to see industry/manufacturing in specifically zoned areas	1/3/2014 6:17 PM
335	We should take another look at the Lakeville Hospital site, potentially convincing the owner to subdivide the property so that the onus is not just on one company to deal with the remediation necessary	1/3/2014 6:04 PM
336	Future business growth should bear in mind the natural, inherent attributes of the town and not work against those attributes.	1/3/2014 5:49 PM

337	The town should focus on being able to provide natural gas to residents via Middleborough Gas and Electric or Colombia. For example - it's offered on Main street but not all the way down - and therefore off street residents can't tie in without paying an outrageous fee. Also, public water and sewer would be ideal. Although, Gas is a top priority. With all the rising costs, we the residents of Lakeville can do without HIGH OIL BILLS.	1/3/2014 5:42 PM
338	Selling the old hospital location must become a priority.	1/3/2014 12:59 PM
339	Development of Hospital Property on Rt. 105	1/3/2014 12:37 PM
340	Not to repeat the Sysco debacle. Specific select persons believed they had the authority and business knowlege to make a decision on behalf of all residents. Obviously we need to make use of vacant commercial properties, that will in some way give back to the community and provide a needed service.	1/3/2014 12:20 PM
341	There is a typo in the above sentence in the word community.	1/3/2014 11:47 AM
342	Growth is obviously necessary but needs to be done with careful planning, community feedback, and the businesses have to meet the look and feel of the town while serving this community directly.	1/3/2014 11:39 AM
343	My husband and I moved to Lakeville because it is where he was raised. He had a wonderful childhood and enjoyed the outdoors and the natural beauty of the area. We want the same for our children and bringing in too much commercialism will change that drastically.	1/3/2014 10:54 AM
344	Solicit tenants for the abandoned Lakevile Hospital	1/3/2014 7:17 AM
345	Smart growth needed to lower property taxes. Expanding industrial base must be a priority along with developing hospital property.	1/2/2014 10:52 PM
346	We need good business that bring in good jobs and help with the taxes and can provide services to our community.	1/2/2014 8:33 PM
347	encourage local private businesses (hardware, pharmacy, dining, etc. Avoid big box guys	1/2/2014 7:36 PM
348	Mixed use should be encouraged.	1/2/2014 7:23 PM
349	We are not doing enough to attract/ keep businesses. The vote for Sysco was done sneakily -- after many people with family commitments had left for the night.	1/2/2014 7:16 PM
350	my opinion wont count in this town your going to do what you want anyway	1/2/2014 5:50 PM
351	We moved here to get away from the city (New Bedford). We want less business and less people. Keep it simple.	1/2/2014 5:37 PM
352	WE LIKE IT QUIET AND MOVED HERE FROM THE CITY SO WE COULD GET AWAY FROM THE CHAOS OF COMMERCIAL AND TRAFFIC MOVEMENT.	1/2/2014 5:24 PM
353	The Lakeville Hospital sire must be developed. It is a terrible eyesore that should be a prime piece of land.	1/2/2014 4:04 PM
354	We need to grow business or raise taxes on order to produce enough revenue to sustain and improve the quality of life in Lakeville.	1/2/2014 3:33 PM
355	The town needs to reach out to high tech company, environmental startups etc.	1/2/2014 3:32 PM
356	Mote stores geared towards health and spirituality	1/2/2014 2:34 PM
357	Business areas (industrial parks) should have more professional appearance like Raynham. The town should strive to set standards or to convince business owners to upgrade the general appearance of their places of business.	1/2/2014 1:50 PM
358	Do what's best for the residents do make decision based solely on money	1/2/2014 1:24 PM
359	I used to be involved and would like to see town educational sessions on how government works.	11/5/2013 7:22 PM
360	We need a larger commercial tax base to support reinvestment in our community	11/5/2013 7:21 PM
361	A town with some growth will attract residents with better schools	11/5/2013 7:20 PM
362	More restaurants Access to lakes (we live in Lakeville!)	11/5/2013 7:15 PM

1	My criticism is only because I miss the Lakeville that I first saw in the 1970's. What has had an influence on this town is that those moving in seem to want to bring part of what they left behind from wherever they came from. Thank you for my time here but it is time to leave. jI can not afford jto live here on a fixed income (S.S).	2/10/2014 4:56 PM
2	yes, yes!	2/10/2014 4:44 PM
3	Very much so. No glaring electric signs. They don't fit the rural New England look of the town	2/10/2014 4:30 PM
4	To a certain defree, I wouldn't want it to be too restrictive	2/10/2014 4:13 PM
5	No new business, this area should be preserved not built up!	2/10/2014 4:11 PM
6	Very much, no Neons!!	2/10/2014 3:53 PM
7	not overly restrictive	2/10/2014 3:29 PM
8	Guide, but limit restrictions so business's can retain or attract new clients and business	2/10/2014 11:31 AM
9	minimal aesthetic parameters, prevent unappealing proposals, do not block appealing proposals that do not fit into the parameters	2/8/2014 11:08 AM

13	Large or bright signs look tacky and out of place. Small signs with a hometown feel will fit in better with a traditional New England look.	2/3/2014 12:51 PM
14	I think it's important to keep the town appeal to our buildings. Our elderly community doesn't like change. They are on fixed incomes, however these taxes are getting higher, we need help defraying that cost. Change is necessary at this point.	2/3/2014 12:25 PM
15	Yes, yes, yes!	2/3/2014 12:14 PM
16	Sure, guided by good sense, not so constrictive to dampen progress	2/3/2014 12:12 PM

23	Many cities/towns have bylaws that control style land signage (e.g. Falmouth, signs must be flush mounted, not overhanging sidewalks)	1/31/2014 2:40 PM
24	ALL businesses should have to abide by strict rules regarding appearance, signs, billboards, EVERYONE. Yes, this is long overdue. Let's look to some Cape Cod towns that have preserved their character. No neon signs, no billboards.	1/31/2014 2:00 PM

28	Absolutely!!	1/31/2014 12:23 PM
29	why not?	1/31/2014 12:13 PM
30	Yes, but realize that this is only advisory. Attractive buildings are worth more individually and to their neighbors, but can't be mandated very easily.	1/31/2014 11:56 AM
31	Your question is too broad. We don't want to become a city with huge signs & electric billboards. But regulations should not be arbitrary or burdensome. Conform to existing zoning.	1/31/2014 11:32 AM
32	Don't scare people away with crazy rules	1/31/2014 11:23 AM

44	Updating the police station would be very nice. Also - is there anything that can be done about houses that are clearly occupied by only 4 legged creatures. Intersection of 18 & 79 looks awful when arriving in town. Not a great first impression. the old abandoned house of 79? 55	It would be wonderful to keep the New England charm. So many people comment on how beautiful our "center" of town is - between the coffee shop and the Library and all of Teddy Dellarocco's hard work, our town is beyond spectacular!	1/23/2014 2:02 PM
56	Complaint of town: You want growth. People moving into this town with children. Need to pay higher tax. I did my dues when my child was in the school system. Tax break need for us long term residence. Being a veteran was given a tax break. Now in the past 2 years you have taken that away. I have a medical disability due to being in service. Thank you for taking my service of this country and town into consideration. Normand & Sandra Pellerin	1/23/2014 1:59 PM
57	No neon!	1/23/2014 1:51 PM
58	You went and killed old people ?	1/23/2014 1:33 PM
59	Note: The last thing you want is an eclectic hodge podge with low end buildings that makes the town look cheap. Nice attractive buildings similar in appearance that are well landscaped for curb appeal with make the town appear affluent.	1/23/2014 1:25 PM
60	within reason, not so restrictive that it makes it too difficult	1/23/2014 1:17 PM
61	Keep an old New England look	1/23/2014 1:01 PM
62	Yes, but as a guide only. There should not be mandatory parameters	1/23/2014 12:53 PM
63	Within a limitation. Businesses should be able to advertise reasonably and keep an attractive appearance.	1/23/2014 12:50 PM
64	Yes, without impeding businesses ability to prosper	1/23/2014 12:46 PM
65	Absolutely	1/23/2014 12:45 PM
66	Absolutely. Develop a quaint look and feel. Small town appearance with amenities. Don't want to be someone we're not. Should be size limitations, Don't need large complexes with a lot of pavement	1/23/2014 12:42 PM
67	Hell yes!	1/23/2014 12:33 PM
68	But they can't be ridiculous!	1/23/2014 12:10 PM
69	The monies that was spent on the new library was how much of the taxpayer's? And it would be interesting to know how many people have used this library on a weekly basis. How many visits weekly, yearly, etc. Don't you think a new school for the children with a library would have been a better choice to spend taxpayer's money.	1/23/2014 12:05 PM
70	This is not the role of the government	1/23/2014 11:53 AM
71	To some degree (not unduly limited)	1/23/2014 11:41 AM

72	I am already disgusted that Savas Plaza erected that ugly electronic sign in defiance of existing guidelines and the sign is still standing! Our visitors question it every time they come. So - do I trust that future guidelines would be uniformly respected and enforced? How could I?	1/23/2014 11:18 AM
73	New business only	1/23/2014 11:11 AM
74	Don't we already have these? Take a look at the Stop and Shop plaza on Rte 6A in Sandwich or downtown Bridgewater (at the rotary on Rt. 18)	1/23/2014 11:10 AM
75	This is so important!	1/23/2014 11:01 AM
76	Take a look at the MacDonald's in Freeport, Me. It looks like a yellow/white trimmed Cape. No big, ugly golden arches. Looks like a typical New England House.	1/23/2014 10:30 AM
77	N/A	1/23/2014 10:23 AM
78	Disguising any restaurant in cutesy New England appearance is just putting lipstick on a pig	1/23/2014 10:15 AM
79	I thought we had these parameters	1/23/2014 10:07 AM
80	very much in favor	1/23/2014 9:55 AM
81	definitely needed	1/18/2014 12:13 PM
82	Absolutely	1/18/2014 8:03 AM
83	too many rules already	1/17/2014 4:11 PM
84	For existing business	1/17/2014 3:25 PM
85	I like the concept, but would rather regulate kinds of business and use rather than look. We seem to have enough trouble attracting and retaining business without additional hoops. Perhaps restrictions OK in certain historic districts	1/17/2014 3:13 PM
86	To a point without giving the business owner a hard time! Business is hard enough without town interference!	1/17/2014 2:25 PM
87	Check with Hilton Head Island - lots of growth with a real touch of class in public areas.	1/17/2014 2:13 PM
88	except in industrial parks so as not to overregulate business out of the town	1/17/2014 10:28 AM
89	N/A see question #3	1/17/2014 9:13 AM
90	use boy scout land for scouts on Hill?pickens st. No hunting or trapping on conservation land.	1/17/2014 9:00 AM
91	a rural - lodge like look, much like the Cool Moose	1/16/2014 12:04 PM
92	Yes, up to a point. The guides must NOT be so restrictive that they are burdensome to the businesses to keep their identity and follow the guides.	1/15/2014 3:37 PM
93	the more restrictions our community puts on bussinesses the less likely we are to attract any	1/15/2014 2:12 PM
94	Definitely.	1/13/2014 6:21 PM
95	no more businesses is preferred, we don't want Lakeville to turn into Middleboro	1/12/2014 10:12 PM
96	We real "downtown" feel would be nice. There is not much of that to speak of right now. When we first moved here 12 yrs ago I didn't realize I had already driven through our "downtown". It's better but still not there.	1/10/2014 8:35 AM
97	yes but not overly restrictive	1/9/2014 4:37 PM
98	It does not matter if parameters are set as they will not be enforced.	1/9/2014 1:43 PM
99	With in reason. if someone wants to build an office building dictating the structure style could be limiting	1/8/2014 10:48 AM
100	I would favor this in certain areas, like Main Street.	1/8/2014 10:10 AM
101	within some constraints yes, but not everything in a particular look	1/8/2014 12:35 AM
102	This is very important for keeping the small town feel. We don't want Time Square in Lakeville	1/7/2014 7:49 PM
103	not sure	1/6/2014 4:39 PM
104	Moderate limitations..no neon etc.	1/6/2014 2:48 PM

## Economic Development Resident Survey

105	hard to enforce and may be costly to businesses	1/6/2014 2:18 PM
106	A guide would probably be helpful but not to the point of turning business away	1/6/2014 2:02 PM
107	To some extent but not to be overbearing or unrealistic to that we drive business away.	1/5/2014 4:25 PM
108	somewhat rustic & Rural	1/4/2014 4:26 PM
109	ABSOLUTELY NOT! WE SHOULD BE INCLUSIVE NOT EXCLUSIVE.	1/4/2014 3:18 PM
110	It would depend on what is offered.	1/4/2014 11:34 AM
111	Parameters would only apply if the business is visible from the road.	1/4/2014 10:27 AM
112	what's the point of this? Just another barrier to prevent businesses from coming into town.	1/4/2014 8:26 AM
113	I think it is important to allow businesses to maintain their corporate identity, however there should be strict limits on the use of Electronic Billboards. There are a couple already in town and they degrade the peacefulness of the time and increase the visual noise.	1/3/2014 6:04 PM
114	Maybe within reason. Too many restrictions make it very difficult for small local business to thrive.	1/3/2014 1:39 PM
115	Think Hilton Head. Signage is uniform and business surrounded by trees - no clear lots.	1/3/2014 12:59 PM
116	To an extent; we don't want to look like Route 44 in Raynham.	1/2/2014 10:30 PM
117	Only in moderation and NOT to micromanage others	1/2/2014 8:33 PM
118	I can agree to some control, but I am more wary of intrusive government regulations (they may start small, but always grow)	1/2/2014 7:36 PM
119	I travel often for work and many towns encourage development but have strict aesthetic parameters. Dublin OH is a good example--- Wendys and Starbucks have a unique local look. Locally here, the Dunkin Donuts & Sava's plaza have a great look; whereas Sedell's Plaza does not fit in.	1/2/2014 7:16 PM
120	For example, the signage at Savas Plaza is fine. The issues around that signage were ridiculous. Requiring ARHS to move similar signage closer to the school was idiotic and shameful. Aesthetics are one thing - but over-the-top small town bureaucracy is (in this case) is something else!	1/2/2014 4:04 PM
121	It a free country	1/2/2014 1:24 PM
122	just like Disney World.	12/4/2013 9:20 AM
123	Yes but not too restrictive	11/5/2013 7:15 PM
124	Maybe	11/5/2013 7:08 PM
125	Hasn't been an issue and wouldn't want to discourage.	11/5/2013 7:06 PM
126	Maybe	11/5/2013 5:05 PM
127	Moderate rules not historical architecture.	11/5/2013 5:03 PM
