3. Act upon Fiscal year 2022 3ABC charitable applications  
– David Golden prepared list of property owners that sought the charitable exemptions and it was reviewed. So now the board will need to come in and sign the report.
4. Migration to Vision 8.  
- Vision in the coming year will no longer support vision 6 the version Lakeville is using. They are requiring all communities to migrate to Vision 8, there is a cost to that Harald hasn't seen if Town Meeting has appropriated for that. John states there were no adjustments to our budget as proposed, nothing was changed at town meeting. John believes that we would put that under computer and GIS services and asked Harald for his input. John O. will forward over the budget to Harald. Harald states this is an FYI that will need to be looked at a future meeting.
5. Tax Title research update by David Golden.  
- There are 99 properties in tax title, many require David to go out to and to check them out. A few of them have already been taken by the town of Lakeville. He is working with the treasurer/collector to look at any high balance properties and see if there was a payment history. A number of them had recent payment history, however the vast majority of them do not have a payment history. Next, I will be scheduling some inspections to the properties and in the coming weeks, I will continue to take notes and present recommendations to you. John O wanted to know if this will be broken down into smaller segments as inspections happen. John recommends each month we knock a few of them off at a time.
6. Signing of various documents weekly and monthly documents in folder.  
- John Olivieri mentions to come into the office to come in, review and various monthly and weekly documents
