**1. Minutes.**

**April 21, 2022 Minutes.**

A motion was made by Tom Cirignano and seconded by Walter Healey to accept the April 21, 2022, Minutes as submitted.

**2. Meeting with Verizon to Discuss Approach to License Renewal.**

Robert Marshall, Chairperson, explained to Niall Connors that the Committee would like to minimize the seemingly endless exchanges of draft licensure that seem to be part of negotiations by Lakeville discussing a few key elements to Verizon prior to Verizon sending a preliminary draft for the Committees review. For example, the “level playing field” concept.

Mr. Connors said he agreed with the strategy to streamline the negotiations. He stated that, because Lakeville was a “renewal Licensure,” the language in the current license has been previously vetted by Verizon. Mr. Connors stated in the draft where Verizon has made a change in language, the language has been approved in the license of similar Massachusetts towns. For example, the termination clause in the license.

Mr. Marshall asked when the Committee could expect the draft renewal license from Verizon. Mr. Connors said he hoped to forward the draft to Mr. Marshall in the next two (2) weeks.

### **3. Adjournment.**

A motion made by Mr. Healey and seconded by Mr. Cirignano to adjourn.

Roll call vote: Mr. Cirignano – aye; Mr. Healey – aye, and Chairman Marshall – aye; and, Fred Beal - aye.

The meeting adjourned at 10:41 A.M.
