

Lakeville Open Space Committee April 9, 2009 7:30 pm

Members present: Linda Grubb, Brian Reynolds, Joan Morton, Jaime Velasquez, Mike Schroeder

Members absent: Mike Renzi, Don Foster

Minutes for March 5 were read and amended. Joan moved to accept as amended; Brian seconded. Vote unanimous.

We reviewed Open Space Plan assignments. We need to have new letters to include, ie, from Historical Commission, etc.. Mike will check with Conservation Commission to see if it wishes to comment.

The Committee has a new email address: openspace@lakevillema.org

Grant from TRWA was discussed. The deadline for spending monies has passed, but as we have had no news, we assume we're still okay with funds for printing that we have not yet spent.

It was brought out that we think we have met our public meeting requirements.

Mike still has to do publicity/press release about the general importance of open space and recreation plans, including what we are doing on the town website.

Committee members should send to Jaime any photos they have suitable for Park and Recreation information on the Town website. Jaime will try to take some.

We reviewed at length Section 7 adding to Joan's updates and revisions.
(Jaime had to leave at 8:30 pm)

On May 12 there will be a regional meeting at 7 pm, at the Lakeville Library about a Taunton River Watershed Study. Horsely-Whitten wants ideas of what changes people would like to see in town regulations and bylaws that would benefit the watershed.

Our next meeting will be May 7. At 9:45 p.m., Joan moved to adjourn; Brian seconded.
