

Lakeville Open Space Committee May 8, 2008 7:00 p.m.

Members present: Jaime Velazquez, Brian Reynolds, Don Foster, Mike Schroeder, Joan Morton, Linda Grubb

Don distributed final form of survey. One minor correction will be made.

Discussion of how to handle survey at Town meeting: There will be a poster in the lobby sending people to a link on the Town site and a stack of surveys for anyone wanting a hard copy. We will print 200 double sided copies, placing those not handed out at Town Meeting at the Library and Town Hall.

Linda will investigate having our information printed on the voting "flags". Jaime will do cards to be distributed and text for the card.

We will ask Moderator to make an announcement about the survey at the beginning of TM.

Town site will have a link to Open Space Plan project that explains need for revising the plan. Don will draft the text and a "teaser". Website will mention TRWA grant.

Linda will do an interview with Cindy Dow to give her information about the new plan and the TRWA grant.

The possibility of a public forum on open space issues perhaps at Ted Williams was discussed. Members of the committee would be there to discuss what the plan should be with the public. We would invite participation by local and regional boards and committees, non-profits, and other institutions involved in open space issues. Possible dates were Saturday or Sunday, June 21 or 22. Linda will check on availability of Camp.

Linda noted that the new state requirements and a workbook for open space plans are available at www.mass.gov/envir/dcs.

Committee looked at the CVS plan and discussed the value of our reviewing all plans.

At 9:15 Don moved to adjourn. Brian seconded. Meeting adjourned,

Mike Schroeder, Clerk
