Meeting scheduled next Thursday at 7 pm to review all sections.

We reviewed final list of questions for “Quests” and plan to get it to school next week. Mike will contact Middle School teacher who participated in TEAMS Green Fair last year.

We discussed Trust for Public Lands publication about the cost of towns of open space versus developed land and October 30 meeting at Bristol Aggie in Dighton on “Economic Benefits of Land Preservation”.

We reviewed plan for 1 Main Street. We have no concerns about the project but noted that the percent of impervious land is not indicated on the plan. Mike will compose letter to that effect.

Mike move to adjourn 9:40 pm. Brian seconded.
