

Lakeville Open Space Committee      7:30 pm    September 11, 2008

Members present: Joan Morton, Linda Grubb, Jaime Velazquez, Don Foster, Mike Schroeder, Brian Reynolds

Minutes read for August 22 and September 4. Joan moved to accept. Brian seconded. Don abstained. Minutes accepted.

Quests: Some revisions were made. They will go to Principal Patota Friday or Monday. Mike will contact Althea to see if Freetown Open Space Committee will do a set of quests for Freetown schools.

Discussion of plan: We are expanding Historical section: we will drop in revised historical section of Master Plan.

Figures for Section 3C are being collected; we will use most conservative as data inconsistent: SRPDD says (build-out?) population 13 thousand; Rail Task Force says 15 thousand.

Linda will revise population section to put more emphasis on seniors and less on school population. She will work on current development.

Don will do zoning.

Mike and Linda will work out repetition between sections on water resources and infrastructure.

Jaime is still working on section 5. Mike S. still working on section 4.

We will do Goals when rest is finished.

Will keep Action Plan and add to it.

Meeting and workshops about Community Preservation Act to be Saturday 27 in Dighton.

Linda and Jaime will put hand-done surveys on Survey Monkey.

Next meeting to be October 2 unless quests require another meeting.

Brian move to adjourn at 9:40; Don second. Meeting adjourned.
