NOTE: On June 22, 2022, an election reform law titled “The VOTES Act” was signed into law. Among other things, the VOTES act makes several of the temporary changes from the pandemic permanent, so many of the policies and procedures are familiar from administering elections in 2020. The new law also makes the absentee voting process and early voting by mail processes consistent.

in addition to in-person voting options which will still be available for all elections, both at early voting locations and at polling places on Election Day. Voters were encouraged to determine the most safe and convenient way for them to participate in the upcoming elections.

In the current environment, the Elections Division wanted to ensure that all elections officials are prepared to protect the health and safety of poll

workers and voters during in-person voting, both during the early voting period and on Election Day.

NOTE: New Procedure to Check-In at the State Primary Election and Early Voting Session

To accelerate the check-in process at State’s Primary Election this year, check-in was accomplished by the use of electronic Poll Pads. The use of these tablets allowed our election officers to check in a voter:

1. By manually entering the first three (3) letters of the voter’s first and last name; or
2. By scanning the bar code on the back of the voter’s driver’s license. In this case, the Poll Pad matches the name and birth date of the person on the voter list with the name and birth date it reads from the bar code on the back of the license. No information from the scanned license is retained by the Poll Pad. The Commonwealth of Massachusetts does not require that a voter present a license to check in at any Elections and Town Meetings.

The Poll Pads immediately talk to one another, eliminating any chance of a voter checking in more than once.
