Ms. Candito said she met with BETA and MassDOT to see if we could get less of a build out on the design, but MassDOT will do nothing less than the project that was proposed. Any day now they should be submitting a letter to us on the minimum design standards. BETA would speak to the Town and MassDOT would come to informational meetings. We also looked at repave without State money, and it is almost the same price without the engineering and drainage. Chairman Fabian said people want information and we need to get it to them. Selectman LaCamera said he would like to just have Route 79 stand alone. The grant money will go away shortly if we don’t decide to do something. SRPEDD is in the process of starting a new TIP.
