#### **Town Administrator's Announcements**

*July 10, 2023*

The Lakeville Senior Center has received a \$13,500 grant from the Massachusetts Council on Aging to fund the Town's outreach worker, which is a shared position with the Town of Berkley.

The Town has received a \$30,000 grant from the Massachusetts Historical Commission to support renovations to the Old Town Hall. Combined with \$30,000 appropriated by Town Meeting in 2020, this award will allow the Town to replace the building's roof and is one of several improvements currently underway to preserve the Old Town Hall and make it a functional space for Town business and activities.

Construction of the DPW administration building is ongoing. This long overdue project will provide badly needed meeting and storage space and a permanent home for the department's administrative staff.

Road paving activities are also continuing. Contractors and the Department of Public Works recently completed work on Pickens Street, will conduct sealing work on Kingman Street beginning July 13, and will begin paving work on South Pickens and South Kingman streets on July 20.

Taunton Water has completed its survey for the outdoor stage project and has determined that the 16" line runs underneath the existing location. We believe that it should be possible to place the footings for the pavilion to avoid the line and anticipate that the work will take place after the current concert season. In the meantime, we have equipped the stage with a portable cover as an interim measure.

The next regular meeting of the Select Board will be at 6:00 PM on Monday, July 31<sup>st</sup> at the Lakeville Police Station.
